

Evergreen Education Foundation Donation Form

Please help us support the Rural Education in China

Introduction of Evergreen Programs:

1. *Scholarship Program:*

Evergreen has been committed to providing financial support to students, who have excellent academic achievements and could not offer their education, for 6 years of high school education (7th to 12th grade). When you choose to sponsor a student, please consider continuous support until s/he finishes high-school or vocational school.

Some outstanding rural students are admitted to universities. Many Evergreen donors also choose to continue funding them for the first two years in university, so that these rural students could focus on their studies until they are ready to support themselves by their expertise.

In addition to the financial aid, many Evergreen donors also chose to become mentors. As a trustworthy guide and friend, you could communicate with the students on a regular basis, providing much-needed advices for their studies and personal lives.

2. *Rural Library Program:*

Evergreen focuses on building modern school and public libraries in remote China. The rural libraries have the following needs:

- a. *Books:* Most rural libraries have pressing needs for books to expand their collection. We need \$500 for annual book donation for a small library (about 250 books) and \$2,000 for annual book donation for a large library (about 1000 books).
- b. *Library Information Management System:* Evergreen helps rural libraries automate their operation through a library management system. In order to improve readership and circulation by effective assessment, we need your help of US\$4,500 for computer equipment including computers, printers, bar code scanner, library management software and training etc.)
- c. *Library Services:* Evergreen helps rural school libraries offer extensive services to assist teaching and learning and improve information literacy. Evergreen also support public libraries to expand innovative services to meet diversified community needs such as livelihood, culture and education. To achieve this, we need your support of US\$800 for a one-year small project and US\$60,000 for a three-year large project.
